

Dear fellow tribal members

I'm writing this letter to you to introduce myself. My name is Tillman Goldsbury Jr. "Timmy Goldsbury", and I am the grandchild of Vern Charles & Viola Mike, my mother is Becky Charles and my father is Tillman Goldsbury Sr. I am running for the business committee on the tribal council. I have decided to seek this office because I realize our wonderful community has come to a critical crossroad. We have grown considerably these last several years, and we have now reached a point where it is time for us to decide as a community what we want to become, where we want to go, and how we want to get there.

Never has it been more important to elect to the business committee a person who can represent your voice; someone who will act only in the best interest of the community and its bright future. I believe I can meet that challenge and look forward to the work ahead.

I have owned and operated my own fishing business for 8 years now. And have employed and still do, many tribal members. I'm someone who gives everyone a chance and opportunity to grow and better themselves and their families. I know what it's like to start from nothing and how that one little opportunity could change the outcome of your life if you strive for success. I started out with a borrowed net fishing in our river and now own several boats and employ many tribal people. I am prepared to take this opportunity if elected. For anyone that knows me knows that I love my family and I'm a very hard worker. I love the kids and elders foremost as they come first, as this is what I have been taught and still practice today.

What I would really like to see is more transparency with where our tribe is heading and where our money is going. I believe our people should have more of an opinion and voice on how our tribal funds are spent so there more understanding on where the

funds are heading. I would also like to work on lowering the quorum number so we as the people and tribe can address a lot more concerns. Also, Relief funds for the elders and for the community as we all know how difficult times like these can be. I would like to see more money available for kids' programs and college students as they are our future and I would look to diversify and explore our economy. That's some of the many things I would address and stand for if elected. I would like to be your voice on tribal council, and I would like to count on your voice and your vote to help me get there. Thank you for the opportunity to introduce myself.

Tillman Goldsbury Jr.
