

House of Learning COVID Testing and Quarantine Guidance

HOUSE OF LEARNING EXPOSURE

Children only

Has this person received their booster or completed their vaccine series within the last 6 months (2 months for J&J)?

Yes ↓

↓ **No**

If symptom free, can continue at HOL uninterrupted. Test at 5 days after exposure

Was the exposure during a low or high risk activity?

• Low Risk Activity •
May return to HOL immediately if no COVID symptoms.
Test at 5 days from exposure to positive person.

• High Risk Activity •
***2 Years or older:** May return to HOL immediately if no COVID symptoms and can mask regularly. Must be tested at days 2 and 4 from exposure. Quarantine for 5 days if no testing is done or mask cannot be worn regularly.
**When testing capability can accommodate. If limited supply, 2+ follow <2yr old guidance.*
Younger than 2: Quarantine for 5 days, test at day 5 (if home test, follow testing instructions on test if 2 tests are needed).

Low Risk Activities: indoor classroom or extracurricular activities where masking is maintained. Exposed is within 3ft of an infectious person for 15+ mins.
High Risk Activities: Shared transportation, indoor meals, indoor unmasked sports, indoor classroom activity where masking is not maintained (students in kindergarten or younger, students with disabilities that preclude masking). Exposed is within 6ft of infectious person for 15 or more minutes.
Quarantine: keeps someone who was in close contact with someone who has COVID-19 away from others. Quarantine if you have been in close contact with someone who has COVID-19, unless you have been fully vaccinated.
Isolation: keeps someone who is sick or tested positive for COVID-19 without symptoms away from others, even in their own home. People who are in isolation should stay home and stay in a specific "sick room" or area and use a separate bathroom (if available).
****3-ply disposable or N95 or KN95 mask**
