

LOWER ELWHA KLALLAM TRIBE BURN RESTRICTIONS

The Lower Elwha Burn Restrictions will take effect **June 26th, 2026**, and run through **Oct 1, 2026**, unless conditions warrant an earlier revision.

BURN RESTRICTIONS APPLY

The Burn Restriction applies to **ALL OUTDOOR BURNING.**

Small propane fires, personal household BBQ and grills are still allowed.

FIREWORKS GUIDELINES

The use of fireworks is allowed if the use remains safe, an emergency water source is readily available, and firework garbage and waste is promptly cleaned up. Be courteous of pets and those sensitive to fireworks.

ALTERNATE FIREWORKS LOCATION

Due to recent beach erosion, the former 2025 Canoe Journey protocol site has been designated as an alternate location to set off fireworks from July 1–4th.

BE FIRE SMART

- ✓ Keep an eye out for small fires that could start.
- ✓ Be aware of where your fireworks have gone.
- ✓ Watch for lingering sparks or fires in grass, brush, and driftwood.
- ✓ If you see smoke or fire, report it immediately.

BE PREPARED, BE RESPONSIBLE

Let's work together to keep our community, our lands, and our waters safe.

*Respect the land. Respect each other.
Celebrate safely. ♡*
