LOWER ELWHA KLALLAM TRIBE BURN RESTRICTIONS

The Lower Elwha Tribal Council has implemented the following Burn Restrictions that will take effective June 26th, 2026, and run through Oct 1st, 2026, unless conditions warrant an earlier revision.

The Burn Restriction applies to all outdoor burning. Small propane fires, personal household BBQ and grills are still allowed.

The use of fireworks is allowed if the use remains safe, an emergency water source is readily available, and firework garbage and waste is promptly cleaned up. Be courteous of pets and those sensitive to fireworks.

Due to recent beach erosion, the former 2025 Canoe Journey protocol site has been designated as an alternate location to set off fireworks from July 1-4th.

Melissa A. Gilman
